affordable ways to
furnish your home

furniture the affordable way

Setting up a home can be a struggle. Many people struggle when it comes to buying furniture, white goods and other essential household items. Even when you've settled in, things wear out and need to be replaced.

At believe housing, we are committed to making sure you can live comfortably in your home. This easy to read digital booklet is designed to make sure you have information about furniture schemes that could help.

If you've already equipped your home using a furniture package, we want to help ensure that you can continue to live comfortably in your home. Changes to the welfare system could mean you may have to pay more to keep the same furniture. Upgrading to new furniture could help you avoid that cost and make moving into work easier.

believe housing works with a number of reputable not-for-profit suppliers that stock new and refurbished second hand furniture at affordable prices.

Setting up a home can be a struggle. Many people struggle when it comes to buying furniture, white goods and other essential household items. Even when you've settled in, things wear out and need to be replaced.

help to save

Budgeting for a new home, or improving your current home, might not be easy; but help is available.

believe housing works with the NE First Credit Union to help people save and access affordable loans to help with furnishing their home.

Savings for new tenants

New tenants can boost their savings with a £20 contribution from believe housing when they open an account with NE First Credit Union.

To be eligible, simply complete our pre-tenancy course before you sign-up to your new home with believe housing. For more information call 0300 1311 999.

Existing tenants

Existing tenants will be credited with £10 when they open a NE First Credit Union account. If you save a further £10 during the next 10-weeks, believe housing will add another £10 to your account. This offer is only available for tenants with no rent arrears.

Affordable loans

believe housing works with NE First Credit union to help our tenants access low-cost loans of up to £350 to help with paying for white goods and furniture.

believe housing is a broker and not a lender.

For more information on support with savings or affordable loans, please contact believe housing on 0300 1311 999.
