COSHH Assessment

Actions to be taken in the event of spillage:

Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks.

Storage and Handling:

Avoid direct contact with the substance. Ensure there is sufficient ventilation of the area.

Do not handle in a confined space. Avoid the formation or spread of mists in the air.

Smoking is forbidden. Use non-sparking tools.

Store in a cool, well ventilated area. Keep container tightly closed. Keep away from sources of ignition. Prevent the build up of electrostatic charge in the immediate area.

Ensure lighting and electrical equipment are not a source of ignition.

Bespoke control measures due to employee health conditions: N/A

Fire Fighting Measures: Extinguish with the following media: Extinguish with foam, carbon dioxide, dry powder or water fog.

Always Check Information On The Manufacturer's Data Sheet (MDS), The Container And COSHH Assessment

Standard First Aid

Inhalation:

Remove from source of exposure.

Eye contact:

Rinse immediately with plenty of water, holding the eyelids open and seek medical advice if effects persist.

Skin contact:

Wash thoroughly with soap and water.

Ingestion:

Remove product from mouth, give the casualty a small quantity of water to drink and seek medical advice. Do not induce vomiting.

Non-Standard First Aid

N/A

If in any doubt get medical aid. Make sure you know exactly what you have been using, pass this information onto the nurse or doctor.
